APPROVAL OF STATE ENGINEER

This permit to change the point of diversion, manner & place of use of the waters of an underground source as heretofore granted under Permit 11166 is issued subject to the terms and conditions imposed in said Permit 11166 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0338 c.f.s., but not to exceed a yearly duty of 8.0 acre-feet.

Actual construction work shall begin on or before February 21, 1970. Proof of commencement of work shall be filed before March 21, 1970.

Work must be prosecuted with reasonable diligence and be completed on or before February 21, 1970. Proof of Completion of work shall be filed before March 21, 1970.

Application of water to beneficial use shall be made on or before February 21, 1970. Proof of Beneficial Use shall be filed on or before March 21, 1970.

IN TESTIMONY WHEREOF, I, Roland D. Westergard, State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 21st day of November, 1969.
